

THE REPRODUCTIVE HEALTH EQUITY PROJECT FOR FOSTER YOUTH

WEBINAR

Thursday, February 10, 2022
9:30 - 10:30 AM

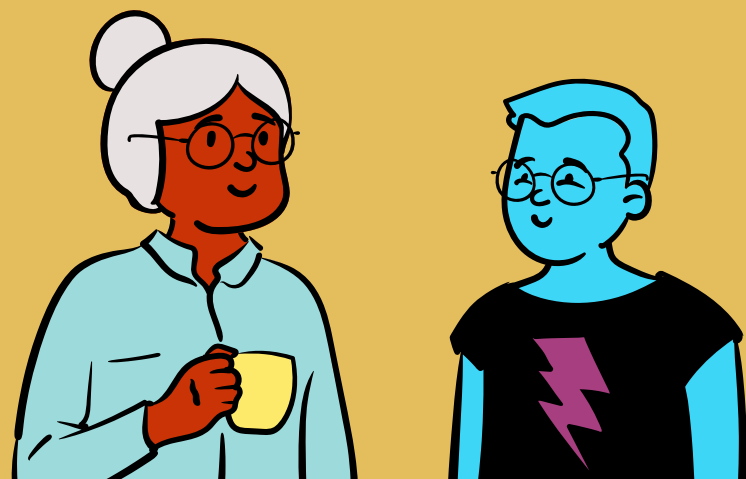

Teen Talk for Youth in Alternative Settings

CA's New Online Sex Ed Course for Foster Youth

Teen Talk for Youth in Alternative Settings (Teen Talk YAS) is the newest curriculum designed for and informed by youth who are in foster care. This curriculum meets requirements of the California Healthy Youth Act, as well as the California Foster Youth Sexual Health Education Act (SB 89). It has been adapted for virtual delivery and is now available for middle and high school-age foster youth across California.

Join us to learn about the free course, how to sign up, and ways to support youth in completing their sex education. Panelists on this webinar include the curriculum development team, a health educator, a member of RHEP, and a former foster youth who participated in developing and refining the online curriculum.
