

# CREATING HOUSING FOR YOUTH

## Results from Homekey's 8% Youth Set-Aside

May 25, 2022

10:00–11:30 a.m.

Please join us for a webinar highlighting the progress of the Homekey program in addressing youth homelessness. Round two of Homekey was funded with \$1.45 billion and includes a youth set-aside, requiring 8% (\$116 million) be used to serve youth.

The webinar will spotlight two youth projects that have successfully been awarded Homekey funding: Mesa Ojai in Ventura County and Valley Lodge Apartments in Napa County.

The webinar will also feature representatives from the California Department of Housing & Community Development who will discuss how youth have been prioritized in the second round of Homekey and JBAY who will provide resources for round three.
