FY 2022-23 Transitional Housing Program (THP) Allocations

The Transitional Housing Program is administered by
the California Department of Housing and Community Development

Background

Pursuant to item 2240-102-0001 of Section 2.00 of the Budget Act of 2022 (Chapter 249 of the Statutes of 2022) and Chapter 11.7 (commencing with Section 50807) of Part 2 of Division 31 of the Health and Safety Code (HSC), the Department of Housing and Community Development (HCD) shall allocate funding to counties for the purpose of housing stability to help young adults 18 to 24 years of age, inclusive, secure and maintain housing, with priority given to young adults formerly in the foster care or probation systems. Pursuant to Section 50807(b) of the HSC, HCD consulted with the Department of Social Services, the Department of Finance, and the County Welfare Directors Association to develop a formula allocation schedule for the purpose of distributing these funds to counties.

Allocation Methodology

The THP allocation distribution is based on the available data for each county's percentage of the **total** statewide number of 17 - 21 year-olds in foster care and homeless unaccompanied young adults (ages 18 through 24). The California Department of Social Services data source includes all youth aged 17 to 21 who have an open child welfare placement episode in the Child Welfare Services/Case Management System.

FY 2022-23 Housing Navigation and Maintenance Program

The Housing Navigation and Maintenance Program is administered by the California Department of Housing and Community Development

Background

Pursuant to Section 50811 of the HSC, HCD consulted with the Department of Social Services, the Department of Finance, and the County Welfare Directors Association to establish the formula allocation for the purpose of distributing these funds to counties. The formula allocation is based on each county's percentage of the total statewide number of young adults aged 18 through 24 years of age, inclusive, currently or formerly in the foster care system. The housing navigation and maintenance program for a county that accepts an allocation of money pursuant to this section shall provide training to its child welfare agency social workers and probation officers who serve nonminor dependents. The training shall address an overview of the housing resources available through the local coordinated entry system, homeless continuum of care, and county public agencies, including, but not limited to, housing navigation, permanent affordable housing, THP-Plus, and housing choice vouchers. The training shall also address how to access and receive a referral to existing housing resources, the social worker's and probation officer's role in identifying unstable housing situations for youth, and referring youth to housing assistance programs.

Allocation Methodology

The HNMP allocation distribution is based on the available data for each county's percentage of the **total** statewide number of 17 - 21 year-olds in foster care **and** probation. The California Department of Social Services data source includes all youth aged 17 to 21 who have an open child welfare or probation-supervised placement episode in the Child Welfare Services/Case Management System.
